WELCOME BACK TO SCHOOL

IMPORTANT INFORMATION

TO KEEP YOU SAFE

IN SCHOOL

HELLO!

It is lovely to see you back in school. We are looking forward to hearing all of your news and what you have been doing over the last few weeks.

School will look and feel a bit different at the moment. That is because we have had to make changes to ensure that we can keep everyone safe and don't pass around any germs!

You won't be with your normal teacher or in your own classroom. You will be in a group with up to 6 children and you will stay with this group all the time you are in school.

Listen carefully to the adults in school and follow instructions

STAY SAFE

Keep a safe distance apart from each other around school.

Germ Farm

Scrub'em!

Wash your hands often or use the hand sanitiser

Do not share equipment with other people. You will be given your own to use.

Bring your own water bottle to school and remember to take it home with you!

Be on time coming in-
to school

Do not come into school if you are feeling poorly.
